

April 27, 2023

**Federal Communications Commission**  
7435 Oakland Mills Road, Columbia, MD 21046  
Attn.: Equipment Authorization Branch

**FCC Change of ID Request Letter**

To Whom It May Concern:

This change of Identification request applies for a new FCC ID as established in 47 CFR Part [2.933\(b\)](#) for a currently approved device.

Currently approved device (original)

FCC ID: RYK-WPEB265AXIBT

Model: WPEB-265AXI(BT)

Grant holder: SparkLAN Communications, Inc

Grant date: January 11, 2021

New device

New FCC ID: S3I-WPEB265AXIBT

New Model: WPEB-265AXIBT

This is to declare that the new model is identical in design and construction to the originally approved model. The original test results are applicable and representative of this changed device. The documents on file with FCC from the original certification remain unchanged and continue to be valid.

Should there be any question, please feel free to contact us.

Sincerely,
