Model Difference Letter

Model differences for FCC ID: S4ERCT2

RCT-20U, RCT-21U, RCT-22U and RCT-23U are product variants that share the same PCB that contain the RF circuit and antenna.

The differences are:

- 1: Different rubber keypad layouts and plastic inlay frame between buttons.
- 2: Product function code sent in the data packet.

Sincerely,

Bengt Haakensen

Compliance Manager
