Re: FCC ID: S4MRSN300-16-A

To Whom It May Concern:

The following application is submitted on behalf of our client TeraHop Networks, Inc. for evaluation of model RSN300 for a Class II Permissive Change under FCC Part 15.247.

The purpose of this permissive change is to address a reduction in the RSN300 data rate. The original application for certification was based on a data rate of 2Mb/s. The data rate has been reduced to 250kb/p with representative data presented in this filing.

Sincerely,
