### Overview

This application is for an original equipment limited modular approval for the Wistron DCMA-82 802.11 a/b/g radio in the Multinode product.   The DCMA-82 radio is part of the upper level assembly called Multinode.  The host devices are Multinode Model WNMF and WNMS.  The FCC ID number for the radio board assembly is S57-DCMA-82.   The radio can be co-located in one configuration with  FCC ID: S57-WNMNFHSS and in another configuration with  FCC ID: S57-51306343.   RF exposure MPE exhibits have been provided.

Confidentiality requested for allowed files.  Request is properly addressed and referenced.

### Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
