**Subject:** Limited Modular Approval Request

**FCC ID:** S5750016517

June 8, 2007

Dear Application Examiner,

Honeywell International Inc., Model XYR 6000 Wireless Transmitter Radio Module, FCC ID: S5750016517, would like to have your authorization as a limited modular approval. The requirements of Public Notice DA00-1407 have been met and shown on the following statements.

1. "The modular transmitter must have its own RF shielding." The radio portion of this module has been shielded, please see exhibition External Photo.
2. "The modular transmitter must have buffered modulation/data inputs." The XYR 6000 Wireless Transmitter Radio Modules contain buffered data inputs; they are integrated in 50015866-TAB, Electronics Module Assembly.
3. "The modular transmitter must have its own power supply regulation." The XYR 6000 Wireless Transmitter Radio Modules contain a regulator, U7, 50017784-001, Texas Instrument TPS76918, 1.8 Vdc, in the DC input port of the Radio Module 50016517-001.
4. "The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(C)." The XYR 6000 Wireless Transmitter Radio Modules meet the FCC antenna requirements. The spurious emission, unique antenna connector and photo of antennas are shown in the application exhibits.
5. "The modular transmitter must be tested in a stand-alone configuration" The XYR 6000 Wireless Transmitter Radio Module was tested in a stand-alone configuration via an infrared interface between the Electronics Module Assembly and a laptop computer. Please see exhibit "Test Setup Photos".
6. "The modular transmitter must be labeled with its own FCC ID number." Please see label exhibit for the FCC ID of this module.
7. "The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements." The XYR 6000 Wireless Transmitter Radio Modules are compliant with all applicable FCC rules. Detail instructions for maintaining compliance are given in the Users Manual.
8. "The modular transmitter must comply with any applicable RF exposure requirements." The EUT is compliant with all applicable RF exposure requirements. RF Exposure is addressed in the exhibit "MPE Data".
