OPERATING INSTRUCTIONS:
Each vehicle requires 2 "AAA" 1.5V alkaline batteries. Not included. Batteries are available at most electronics and department stores. Batteries are available at most electronics and department stores. Batteries are available at most electronics and department stores.

1. Carefully remove the batteries from the battery compartment.
2. Insert the batteries into the battery compartment, making sure the positive (+) and negative (-) terminals are correctly aligned.
3. Close the battery compartment cover.

NOTE: For best operation, operate the vehicle on a hard surface. Avoid rough or uneven surfaces. Avoid rough or uneven surfaces. Avoid rough or uneven surfaces.

ATTACHING THE RIDER:
1. Insert the rider into the rider slot on the back of the vehicle.
2. Push the rider down until the rider is fully seated in the slot.

SELECTING THE RIDER:
There are two riders included on the back of each vehicle. One rider is the "Rider 1" and the other is the "Rider 2".

NOTE: Riders can also be switched to "Rider 1" and "Rider 2".
