United Kingdom

Subject: Certification Application  
FCC ID: SC6102552

It is requested that the following information is to be held confidential on behalf of  
*Applicants Name*.

FCC Rules Part 0.459 refers.

The GSM Controller is part of a drug delivery system intended to be used to authenticate the dispensing of potentially fatal drugs such as Methadone, hydromorphone, Oxycodone and other drugs of addiction. Given that the patient population that use and abuse these drugs are very resourceful a select few will have technical ability and will try and abuse and compromise the GSM Controller. It is therefore imperative that as little technical information is made available to the public. A breach of information confidentiality may provide a potential hacker or other to compromise the system which may result in overdose or death for a wider population of users.

Operational Description, 2 Files:

'EP007_FRS_102257 GSM Controller Circuit Description'	16 Pages
'Q2426SK OpDes'	9 Pages

Commercially sensitive information which if made public may provide future competition with an advantage. The operation description reveals mechanisms used to store and retrieve cryptographic information. If this information was revealed it may pose harm to the integrity of the system as a whole.

This information has not been made available to the public and should not be made public indefinitely for the reasons given above.

Block Diagrams, 2 Files:

'Block Diagram'	1 Page
'Q2426SK BlkDia'	9 Pages

Commercially sensitive information, Block Diagram reveals philosophy of the design.

This information has not been made available to the public and should not be made public indefinitely for the reasons given above.

Schematics, 2 Files:

'EP007_DWG_101137 GSM Controller Schematics REV3'	10 Pages
'Q2426SK Schem'	5 Pages

Commercially sensitive information which may allow potential hackers to compromise the system.

This information has not been made available to the public and should not be made public indefinitely for the reasons given above.

Parts Lists / Tune-up information, 3 Files:

'EP007_DWG_102554 US GSM CONTROLLER REV 3 BOM'	3 Pages
'Q2426SK PartsLst'	5 Pages
'Q2426SK TunPro'	5 Pages

This information would be of benefit to competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market place.

This information has not been made available to the public and should not be made public indefinitely for the reasons given above.

Yours sincerely

Rajiv Dave
