Dear sir:

Regarding our product FCC certification (**FCC ID:S76BT-36**) which has been granted by FCC on April 19, 2007. On our FCC part 15C test report (report no. RF960409L03) has mentioned the product brand name is "Voice Star". We would like to declare that our product will not be sold under "Voice Star" in USA. Therefore, we would like to replace the previous test report which mentioned "Voice Star" brand to the revised test report (without brand name).

Thank you so much for your understanding. If you have any comment regarding this issue, please don't hesitate to contact us.

Best Regards,

Wanstonic Electronics Ltd.
