

Modification Declaration

The Differences Between the original equipments and modified equipments have been detailed as following:

For original FCC ID: S8F8252 and FCC ID: S8F826X the following changes have been applied to the devices for the application of class II permissive change

1. The RF IC is changed from AT86RF211-DAI to AT86RF211SAHW. The IC is an upgraded version with more powerful software features. RF performance should be similar.
2. The antennas on both devices have changed.
