Compatible Electronics TCB  
114 Olinda Drive  
Brea, California 92823

Subject: Modification to S8PSBS05W

Gentlemen:

This letter is to formally notify you that the following modification has been completed by Compatible Electronics, Inc. to our Base Station, S8PSBS05W during FCC certification, and will be implemented in production.

Modification: A torroid ferrite (Fair-Rite P/N: 2643002402) was installed on the coaxial cable going from the Lantronics, 802.11 module to the antenna. It has 1 1/2 turns so that the ferrite is stable and not moving. See picture at right.

If you have any questions, please do not hesitate to contact us at 714-685-9776.

Sincerely,

A handwritten signature in black ink, appearing to read "J. D. Ashley, Jr.", written over a horizontal line.
