**RE: Class II Permissive Change Application for Artimi Ltd A-150-WUSB-MINI-RDK-F
Module
FCC ID: S8S-A-150-PCBA032**

To Whom It May Concern:

The intent of this letter is to request a Class II permissive change for FCC ID: S8S-A-150-PCBA032 to include another antenna choice for customers.

Initial Grant issued for the module was to use ACON ADM6P-700042 antenna part and now Artimi wishes to include ACON ADM6P-700047 antenna part as an alternative. Both of these antennas are U.F.L connector type and no other changes have been made to the Transmitter module.

Yours sincerely

Richard King
Applications Manager
