

## Class II Permissive Change Request Letter

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia MD 21046

Date: November 12, 2024

Re: FCC ID: S9GR670

To Whom It May Concern,

**Ruckus Wireless LLC** is applying for a Class II Permissive Change to the FCC approval of:

FCC ID: S9GR670; original Grant dates: 08/14/2024

The transmitters certified under this Grant are not changed. The change filed under this application is to evaluate a new RF filter as a pin-to-pin replacement. Values of directly connected to the RF filter passive component (resistors, capacitors, inductors) are adjusted to match the original performance, while the PCB layout and hardware remain unchanged. RF testing was completed as per CFR 47 Part 15 B, C & E and test reports with passing test results (within the measured values of original Grants) are presented.

Software security remains unchanged from the original application.

Sincerely,

A handwritten signature in blue ink that reads "Iwaylo Tankov". The signature is written in a cursive style with a blue ink pen.
