

Class II Permissive Change Request Letter

Federal Communications Commission
7435 Oakland Mills Road
Columbia MD 21046

Date: November 6, 2024

Re: FCC ID: S9GT670

To Whom It May Concern,

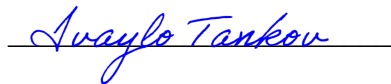

Ruckus Wireless LLC is applying for a Class II Permissive Change to the FCC approval of:

FCC ID: S9GT670; original Grant dates: 03/29/2024 & 5/24/2024

The certified transmitters under this Grant are not changed. The change filed under this application is to add an additional RF filter as a pin-to-pin replacement option. Small passive component values and/or types (resistors, capacitors, inductors) are intended to be changed, while the PCB layout and hardware remain unchanged.

Software security remains unchanged from the original application.

Sincerely,

Principal Wireless Compliance Engineering
