A photograph of a grey Geonote mobile device and a job number label. The device is a small, rectangular, grey handheld unit. It features a blue label on the top left with the text "THERMO SENSOR" and a wireless signal icon. The brand name "Geonote" is printed in black on the front. A small white label with the handwritten text "Test mode" is attached to the bottom right. To the left of the device is a white label with a black border that reads "Job Number" and a black display showing the number "0512732". A wooden ruler is placed diagonally at the bottom right of the image for scale.
