

## Limited Module Approval Request Letter

Subject: Limited Module Approval

Date: 8/17/2009

FCC ID: **SBC-BM3610**

Dear Reviewer,

We, **PC Worth International Co., Ltd.** would request **BLUETOOTH MODULE** approved under limited module approval authorization. The requirements regulated in Public Notice DA00-1407 have been fulfilled and clearly explained below.

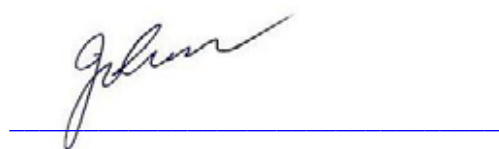

1. The requirement of RF shielding: The shielding of the radio portion can be demonstrated in exhibition External Photo.
2. The requirement of buffered inputs: **Buffered data inputs stage has been integrated in chip (BC6).**
3. The requirement of power supply regulation: **No power regulator can provide stability power source. But specific of hosts have 3.3Vdc regulator to provide stability power via SDIO interface to EUT.**
4. The requirements of section 15.203 and 15.204(C): **The module has the antenna integrated onto the PCB. Please reference the exhibition Test Report. Please reference the exhibition Test Report.**
5. The requirement of stand-alone test configuration: **Please reference exhibition Test Configuration Photo for the stand-alone test configuration.**
6. The requirement of labeling: **The instruction on the labeling rule of the end product has been stated in the user's manual of this module. Please also see the exhibition Label Sample.**
7. The requirement of compliance on specific rule or operating requirements: **The required FCC rule has been fulfilled and all the instructions for maintaining compliance have been clearly stated in the Users Manual.**
8. The requirement of RF exposure: **The module complies with any applicable RF exposure requirement.**

Please do not hesitate to contact me for any questions of this request letter. Thank you.
