

## Module Approval Request Letter

Subject: Module Approval request letter

Date: 10/30/2014

FCC ID: SBC-RM3030

Dear Reviewer,

We, PC Worth International Co., Ltd., would request Bluetooth Module approved under module approval authorization. The requirements regulated in 15.212 have been fulfilled and clearly explained below.

The requirement of RF shielding: This module will be used for OEM, ODM and own-brand products which are designed, manufactured, supplied, sold, marketed and served by PC Worth Int'l Co., Ltd. – CINO Group who has full control over the final integration and can assure the compliance of those devices and equipments.

1. The requirement of buffered inputs: Buffered data inputs stage has been integrated in chip (CSR8811).
2. The requirement of power supply regulation: The part number of the power regulator is (CSR8811).
3. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
4. The requirement of stand-alone test configuration: Please reference exhibition Test Configuration Photo for the stand-alone test configuration.
5. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the users manual of this module. Please also see the exhibition Label Sample.
6. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
7. The requirement of RF exposure: the device is simply exempted for the RF Exposure requirements due to its very low radiating power.

Please do not hesitate to contact me for any questions of this request letter. Thank you.
