

Regulatory Engineering
Sept 9, 2007

Federal Communications Commission
Commission Authorization and Evaluation Division

Subject: Request for confidentiality regarding application for certification of FCC ID:SBVBR000

To the Commission:

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules (47 CFR 0.457, 0.459), Sonos Inc. hereby requests confidential treatment for documents filed with the Commission in connection with the application for certification referenced above as follows:

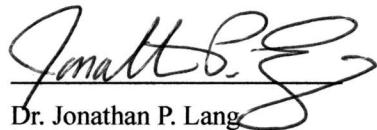

Short Term Confidentiality

Sonos requests that the Commission withhold the following documents from public viewing for forty-five days after the date certification is granted:

- Appendix A: External Photographs
- Appendix A: Internal Photographs
- Appendix B: Test Setup Photographs
- User Manual

The above materials reveal technical and design information that has not been publicly disclosed and that is protected by Sonos as confidential and proprietary trade secrets. This information has been disclosed to those required to maintain its confidentiality, and is not customarily disclosed publicly prior to the commercial release of a device. As a result, disclosure of this information by the Commission prior to the commercial release would harm Sonos by giving competitors an unfair market advantage. Sonos believes the period of confidentiality requested is necessary to protect the information until the commercial release of the device.

Respectfully,

Dr. Jonathan P. Lang

Sonos Inc.
