

Attention:  
Application Examiner

Re: Request for confidentiality

Applicant: Powerwave Technologies

FCC ID: SCEAR3700

To whom it may concern,

Request is hereby submitted by Powerwave Technologies to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Parts list
- Internal photos

Rationale for request for confidentiality:

Powerwave Technologies has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. SCEAR3700 have locks to protect unauthorized access to the equipment.

If you have questions or need further information, please contact the undersigned.

Sincerely,

Thomas Edin

Verification Engineer  
Powerwave Technologies
