Dear CCS,

The following items need to be corrected so that the above referenced application review can be completed:

1. The sample of the FCC ID Label shows the FCC ID in a font size that will be very small and not likely to be legible without magnifications. Please revise the label so that the FCC ID is more legible without needing magnification.

Ans #1: The FCC ID label format has been revised. Please refer to the attached.

2. The schematics submitted are for the digital portion of the mouse and the interface to the Bluetooth module. Please submit schematics for the Bluetooth transmitter.

Ans #2: Please refer to the attached for schematics for the Bluetooth transmitter.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
