Re: FCC ID: SDBFLEXI210

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model FLEXI210 for certification under FCC Part 24 Subpart D and Part 101 Subpart C.

The model FLEXI210 is a wireless transceiver module intended to be implemented in specific host devices. The transceiver is operating in the frequency range of 901 MHz to 960 MHz.

The model FLEXI210 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
