Re: FCC ID: SDBIDTB004

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model IDTB004 for certification under FCC Part 24 Subpart D and Part 101 Subpart C.

The IDTB004 is a stand-alone module consisting of a single printed circuit board which is designed to be integrated into specific host devices. For the radiated emissions evaluation, the unit was set in the orientation of typical installation.

The IDTB004 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
