To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the schematic diagrams required to be submitted with this application be withheld from public review.

This data, which has been segregated from the non-confidential exhibits, represents confidential commercial information. This information is not otherwise available to the public, cannot be easily reverse engineered from the product, and would cause competitive harm if it were to be made public.

Please contact me if there is any information you may need.

Sincerely,
