RE: COMBINING PENDING APPLICATIONS SEAUBITAG10-U, SEAUBITAG10-F

To Whom It May Concern:

Following conversations between Joe Dichoso and Ubisense's lawyer, Mitchell Lazarus, Ubisense is combining a composite device, now under two FCC IDs, into a single FCC ID.

Presently two applications are pending for this composite device:

FCC ID SEAUBITAG10-U (UWB device assigned to Joe Dichoso)
FCC ID SEAUBITAG10-F (Sec. 15.249 radio assigned to Andrew Leimer)

Ubisense wishes to combine both under SEAUBITAG10-U.

Enclosed is a new label to replace the labels previously submitted in both application files.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dr. Andy Ward'.

Dr Andy Ward
Chief Technology Officer
