Dear Sir or Madam:

Telit Communications S.p.A. has applied for, and has been granted Federal Communications Commission (FCC) registration number RI7GE864G2 for its radio module which carries the Telit Communications S.p.A. model number GE864-GPS.

This letter will grant permission on a one-time basis to ETL Electronique, a company in Canada, to apply for a "Change of Identification" for the above mentioned radio module, with FCC.

Telit Communications S.p.A. understands that ETL Electronique must make this change in order to comply with Federal Communication Commission (FCC) regulations that apply to the ETL product called Astus TAG GPRS, FCC identifier SFPASTUS-TAG-GPRS, and Telit authorize FCC to use information on file to grant such Change of Identification for this device.

Telit Communications S.p.A. is supplying the GE864-GPS to ETL Electronique, unmodified and equivalent to the originally certified unit.

The device is being supplied to the applicant unmodified and equivalent to the original approved unit.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,

Brian Tucker
Global Vice President of Quality
Telit Communications S.p.A.
