

A photograph of an anechoic chamber. The walls, floor, and ceiling are covered with blue, pyramidal-shaped electromagnetic absorbers designed to eliminate reflections. In the foreground, a light-colored wooden table is positioned. On the table, there is a white power strip with a black cable plugged into it, a black smartphone, and a small, dark electronic device. In the background, a metal stand with a sensor or antenna is visible, and a small cardboard box sits on the floor.
