Subject: Confidentiality Request
FCC ID: SGH14081409

I would like to request confidentiality for the block diagram, schematic and operational description of our Bluetooth RS232 Mini Adaptor 1408/1409.

The reason is we want to protect our IP and investments in this new technology and therefore we don't want to make the schematic freely available to our competitors. Thank you for your understanding.

Best regards,

Uwe Lindner
General Manager
