Dear Dennis

Thank you for your comments.

About your comment 1

We modified the confidential letter and upload to ATCB website, the file name as "confidential letter-revised"

About your comment 2

We modified the block diagram and upload to ATCB website, the file name as "block diagram-revised"

About your comment 3

The sample is the single frequency. So it didn't go out of the allowed band during normal operation.

About your comment 4,5,6,7

We modified the technical description and upload to ATCB website, the file name as "technical description-revised"

About your comment 8

We attached the average factor to ATCB website and showed it on the test report, the files name as " average factor" and "test report-revised"

About your comment 9

It is the single frequency.

About your comment 10

We attached the 15.231\_a\_1 to ATCB website, the file name as "15.231\_a\_1"

If you have any questions, please feel free to let me know.

Best regards

Sunny Liu/ Intertek Taiwan
