Subject: XDMB Inc., FCC ID: SICXR9, Assessment NO.: AN05T4471, Notice#1

Dear Ms. Helen,

Thank you for your e-mail for the XDMB Inc.

According to your comments, we would like to inform you as follows,

Question #1 : Please refer to attached the revised class II change cover letter.

Question #2: Please refer to attached the revised schenatics. (Page 4)

If you have any question or need more information, please feel free to contact us. Thank you and have a great day!

Best Regards,

S. C. Hong / Project Engineer

ONETECH Corp.

ONETECH Testing & Eval. Lab.

EMC Div II, Team 2

Question #1: Based upon FCC Sec. 2.1043 Changes in certificated equipment,

"(a) Except as provided in paragraph (b)(3) of this section, changes to the basic frequency determining and stabilizing circuitry (including clock or data rates), frequency multiplication stages, basic modulator circuit or maximum power or field strength ratings shall not be performed without application for and authorization of a new grant of certification."

Please describe the change more clearly, if the change is directly related to te frequency determining and stablilizing circuitry, it is not allowed. Please resubmit the class II change cover letter.

Question #2: The class II change cover letter indicates that U12 chip was added, sorry I checked the schematics, but could not find U12, please show me where U12 is.

Best Regards, Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
