

AirBoss Sentinel Monitoring System (SBA and PMD) (915MHz) Label Artwork Location Guide – Uncontrolled Document

- See drawing 11175256 for the Pressure Module Assembly which includes product information. This document is a guideline to highlight the label marking only, as requested in the application checklist.
- The marking will be located on the pressure module, SBA, as indicated below. This marking correlates to both the UI module and Pressure Module, as both pieces of equipment are used in tandem.
- No label artwork, for FCC and ISSED, for the UI Module will be given as it is provided on the Pressure Module.
- AirBoss Sentinel Monitoring System
 - UI Module/Gauge = Personal Monitoring Device (PMD)
 - Pressure Module = Pressure Unit (SBA)

d. LASER PRINTED ACC. TO ARTWORK 11310074 UPRIGHT TO THE POLISHED AREA (AT BATTERY PACK). MARKING IN THE CENTER OF THE RECESS. PLACEMENT TOLERANCE < 0.2 mm, DIMENSIONS OF THE MARKING 91 mm x 48.9 mm
