

## Limited Module Approval Request Letter

**Subject: Limited Modular Approval**

**Date: 28/06/2012**

**FCC ID: SJ3MUG1223**

We,.. Otto Bock Healthcare Products GesmbH authorize Eurofins Product Service GmbH to have our model: med2 RF-module approved under limited module approval authorization. The application of this module is specified to mobile host equipment. The requirements regulated in Public Notice DA00-1407 have been fulfilled and clearly explained below.

1. The requirement of RF shielding: The shielding of the radio portion can be demonstrated in exhibition external photo.
  - \*) An additional shielding is not possible because of the small print size.
  - \*) Instead the med2 RF-module uses (GCPW) grounded coplanar waveguide technology.
  - \*) The med2 RF-module installation is only allowed under supervision of Otto Bock Healthcare Products GesmbH.
  - \*) The med2 RF-module is not intended for sale, it is only for products of the Otto Bock Healthcare Products GesmbH.
2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in IC3.
  - \*) The control µC act's as a buffer.
3. The requirement of power supply regulation: The part number of the power regulator is IC4.
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please refer to the Test Report.
5. The requirement of stand-alone test configuration: Please refer to Test Configuration Photo in the Test report.
6. The requirement of labelling: The instruction on the labelling rule of the end product has been stated in the Users Manual of this module. Please see Label Sample/Label location documents.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
8. The requirement of RF exposure: Please refer exhibition RF Exposure for the compliance of MPE RF exposure rule.
