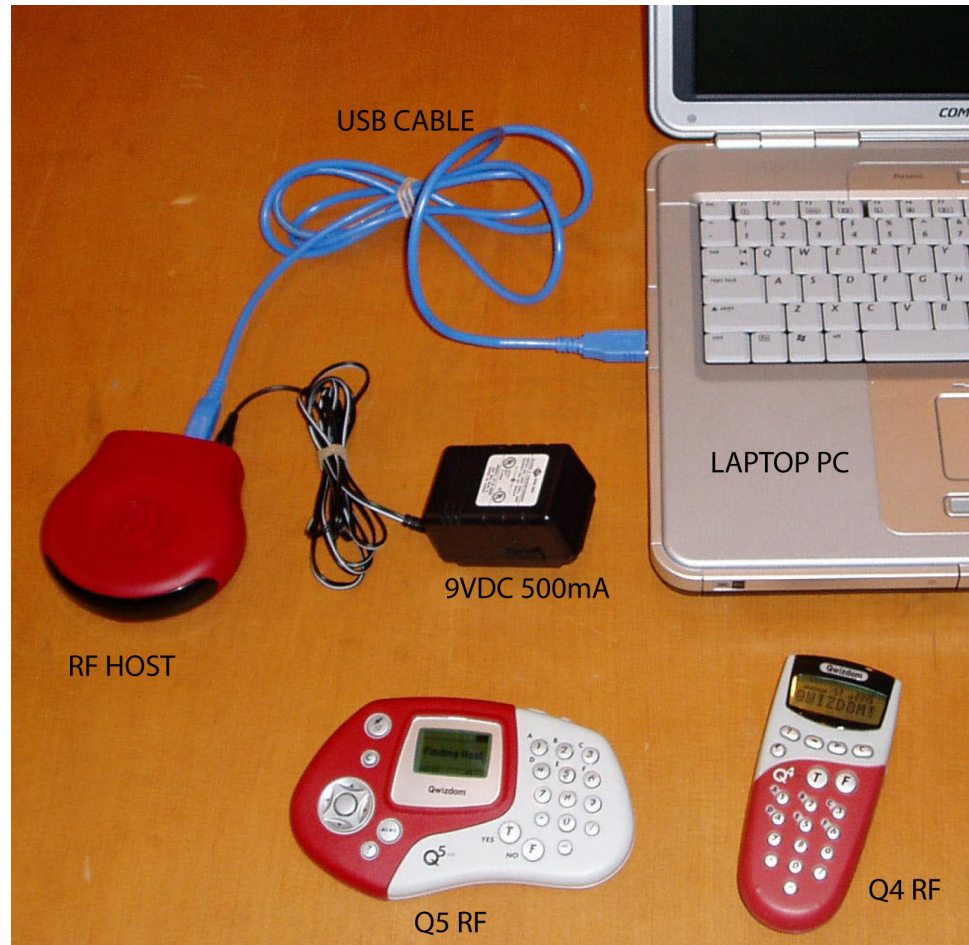

Fig 2 – Qwizdom Audience Response System (ARS) Overview

The RF Host is part of the Qwizdom ARS shown in Figure 2. A F-antenna structure is integrated directly into the RF Host circuit board and fully enclosed in the plastic housing. A USB cable connects to a computer. Power is provided by the USB cable or a 9VDC, 500mA wall transformer as shown. Closer views of the RF Host are shown in Figure 3 and 4 below.
