**Subject: Confidentiality Request regarding application for certification of FCC ID: SK9ITR9002**

Gentlemen:

Itron, Inc. respectfully requests confidentiality of certain materials provided with the submission of the ITR9002 in accordance with 47 CFR 0.459. Pursuant to 47 CFR 0.457(d) of the FCC Rules, information that is considered trade secret and not routinely available to the public may also be withheld from public inspection if a request for non-disclosure is submitted pursuant to 47 CFR 0.459.

This confidentiality request applies to the Schematics, System Block Diagram, and Internal Photos contained in the following exhibits:

11-0361 – Schematics.pdf  
11-0361 – System Block Diagram.pdf  
11-0361 – Internal Photos.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians.

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors. The product covered by this Confidentiality Request is not sold to any OEM and is only installed in Itron products by Itron employees or contractors.

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

I appreciate your assistance in this matter.

Sincerely,

Name: Lee Littlejohn Signature:
