RE: FCC ID: SGK-PSA1900_ATCB001692

Attention: Juan Martinez

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Neither the manual nor the operational description give an indication as to where this device is to be used. Is this used in a car, or at home or other. Please explain.
2. Please note that as this is an amplifier and since the downlink has the capability of amplifying more than one channel, please provide intermodulation test data.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
