

FCC ID: SO4ZB570-TRI-VLTE

IC ID: 5544A-ZB570TRIVLT

CT Project: P13a0016

From: Daniel Park

Date: 2/10/14

1. In Checklist, the grantee code portion of FCCID for this EUT seems contain the zero instead of letter "O". Please correct it.
[CT – Noted.](#)
2. In Label exhibit, it indicates FCC logo for DoC or JBP. However, it was not clearly documented. Please verify and supply the information.
[Wireless Extenders – Please see updated label.](#)
3. At the page 1 of Schematic exhibit, it shows EDGE connector. Please provide the purpose of this connector.
[Wireless Extenders –The edge connector is only used for production test and is covered up in the final assembly.](#)
4. MPE_RF_Exposure exhibit wasn't included. Please provide.
[Wireless Extenders – Please refer to FCC RF Exposure Information,ZB570-V.pdf](#)
5. Cover Letter for "Final Amplification Stage Voltage and Current" wasn't included. Please provide.
[Wireless Extenders – See cover letter exhibit.](#)
6. Please include RF signal "Modulation" capability in "Operational Description".
[Wireless Extenders – See Theory of Operation Rev 1 exhibit. Note that it is also mentioned in the User's Manual under "Specifications"](#)
7. In IC application, please provide Appendix A, B and Annex C.
[CT – Please see CB Form 750.](#)
