Dear Examiner,

We are asking for the permission from “Roland Corporation” to place the label for the product into the user manual instead of the exterior of the device, due to the dimensions of the “BT V5.3 Dual Mode Bluetooth Stereo Audio Module” being extremely small (it is impracticable to label with a font size that is four-points), the FCC/IC ID also will be placed on the device packaging or on a removable label attached to the device.

BT V5.3 Dual Mode Bluetooth Stereo Audio Module will not be shipped separately. They will only be shipped after being installed on the host.

Product: BT V5.3 Dual Mode Bluetooth Stereo Audio Module
FCC ID: SOP427331A
IC: 9569A-427331A
HVIN: WB311L

Sincerely,

A handwritten signature in black ink that reads 'Hisashi Ninomiya'. The signature is written in a cursive style and is positioned above a horizontal line.
