Dear Sir:

We are sending this letter in order to ask for the following:

- a) We are requesting change in ID under the Nivis name and the new FCC ID SQB-NIVISSGM48 for Sony GSM Module,
- b) The unit is not changed from the original filing,
- c) We are enclosing the old FCC ID # of the Sony unit (PY76220501-BV) and information for the Grant (6/26/2002). Grant of the Sony unit you have in your file,
- d) The original test data continue to be representative and applicable to the module.
- e) The reason for the change in ID is to submit a permissive change allowing co-location with the P9-05-01-03 transmitter module.

If you have further question don't hesitate to contact me.

Best Regards
