We, RACOM s.r.o. acknowledge that the device will be programmed only for the frequencies authorized under FCC rule part 90 and we are aware that it is a violation of the FCC rules if the device operates on unauthorized frequencies.

We, RACOM s.r.o. acknowledge that this equipment meets the requirements of FCC rules §90.203(e) and (g) as applicable. Programming of transmit frequencies can only be performed by the manufacturer or by authorized service or maintenance personnel. The operator or end user cannot program the transmitter's operating frequencies.

Sincerely,

Karel Daněk
