FCC ID and Label Location Information

In compliance with FCC Regulation 47 CFR Ch. 1 part 2.925, the ACOM 1010, External Radio Frequency Power Amplifier, Model 1010 bears a label located on the rear plate of the equipment which displays the following FCC Identifier:

Part (a)

1. The term *FCC ID* followed by the three digit Grantee Code and the six digit Equipment Product Code.
2. Not applicable.
3. Not applicable.

Part (b) Not applicable

Part (c) Reserved

Part (d)

1. The ACOM 1010 label is indelibly printed on the rear panel of the equipment. This label will last the lifetime of the equipment in the environment in which the equipment will be operated and is not readily detachable.
2. The ACOM 1010 label is readily visible on the outside of the equipment enclosure.

Part (e) Not applicable.

Part (f)

1. The size of the label is 3 by 1.2 inches.
- The actual label and its location on the equipment are shown in the following pictures.

Fig.1 Label location

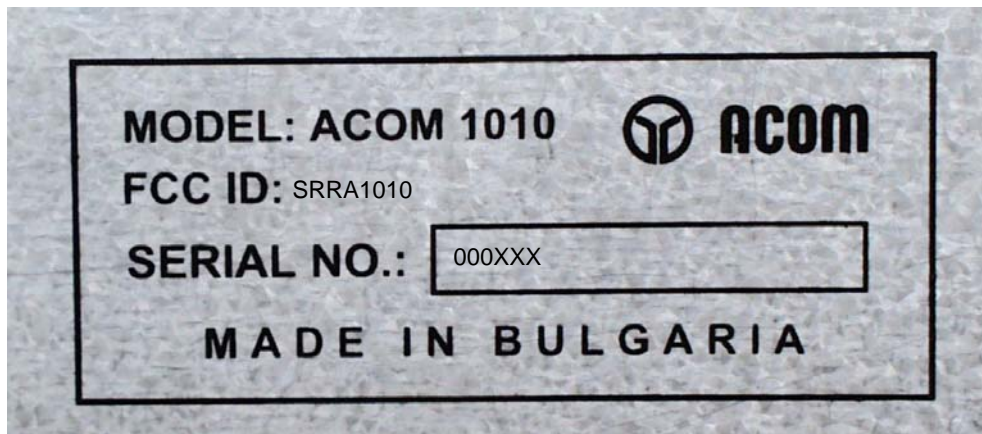

Fig.2 Actual label

In the Serial No., the X's represent the serialized units in order of manufacture. For example, the first unit will be Serial No. 000001 and the 256th unit will be Serial No. 000256.

In the FCC ID # Grantee code is: ... and the portion is the equipment product code.
