

To Federal Communications Commission

Re: Professional Installation

The ISXD and ISXC contain a RF radio. The applicant states that the following steps will be enforced:

- installation must be controlled
- The intended use is generally not for the general public. It is generally for industry/commercial use.
- Only trained personal would use the final product.

The part 15 requirements will be followed by the personnel trained by the manufacturer. (Our client: Nintendo of America).

Sincerely yours

Mr. Atsushi Ikuno
