Dear Sir.

I always thank you for your help.

Question #1: In the test report, the test procedure is referred per ANSI C63.4:2001. ANSI C63.4:2001 is no longer the current standards used by FCC. The current measurement standard should be ANSI C63.4:2003 per CFR 47 part 15.31(a)(3). Please make necessary correction.

-> Please kindly check TestReport.pdf

Question #2: User manual does not contain information required per section 15.21 and 15.105(b). Please provide revised user manual to comply this requirement.

-> Please kindly check ATT.E_manual_.pdf

Question #3: Please provide agency authorization letter. Please use the attached agency authorization letter format for all future TCB application.

-> Please kindly check LETTER.pdf

Please contact me if it has a problem.

Thank you & Best regards,
CHA
