HANDS FREE CALL

Bluetooth

USER MANUAL

Features:

- Bluetooth wireless connectivity
- Support TF card
- FM Radio
- AUX function
- Rechargeable Lithium battery
- Built-in microphone
- Hands –free Call

Specifications:

Impedance.....	:32Ohm
S/N ratio	:≥80dB
Separation	:≥45dB
Distortion	:≤1.0%
Frequency response.....	:100Hz-20KHz
Bluetooth version.....	:V2.1+EDR
Bluetooth range	:10 meters
Bluetooth pairing name	:KTP-23A
Bluetooth profiles supported.....	:A2DP
USB & TF max. memory supported.....	:32 GB
FM radio	:87.5-108.0MHz
Battery capacity.....	:Built-in 220mAh
Battery type	:Li-ion
Playback time	:3 hrs at max volume
Charging indicator	:No
Input power.....	:DC 5V
Pruduct dimension.....	:90 X 90 X 90mm (WXDXH)
Net Weight.....	:0.2 kgs

Accessories:

- USB charging cable: 1 piece;
- 3.5MM audio cable: 1 piece;
- User manual: 1 piece

WARNING

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .
This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
