Smart WiFi Bulb

Installation Guide

1 DOWNLOAD AND INSTALL THE FEIT ELECTRIC APP

- Search for the Feit Electric App in the App Store or Google Play Store.
- Download and install the Feit Electric App on your smart device.
- Setup an account or login to your existing account

Feit Electric app

2 INSTALL YOUR LIGHT BULB

- Install your light bulb(s) into a socket

NOTE: Constant power to the bulb(s) is required at all times

3 ADDING YOUR SMART WI-FI BULB USING THE FEIT ELECTRIC APP

- Tap **+** in the upper right corner. Note: if this is the first device you are setting up you can also select Add Device (A).
- Tap **Lighting** and select **Lighting device** (B).
- Power On the bulb(s) and confirm the bulb(s) is blinking. Then tap **Confirm** (C).
- You will be prompted to confirm your WiFi network and enter password. Then tap **Confirm** (D).

Be sure to connect to a 2.4 GHz WiFi network that covers your installation location.

NOTE: If the bulb(s) is not blinking, turn the bulb(s) ON-OFF-ON-OFF-ON.

4 STATUS MENU

- The status menu will appear. Wait until it's completed.

NOTE: If unsuccessful, the "Failed to Add" screen will appear. Close the app and repeat the previous steps. If successful, continue to step 5.

5 NAMING DEVICES

- To name the bulb(s) tap the **Pen** icon, enter the new name and tap **Done**. The bulb(s) is now ready to be controlled with the Feit Electric App.

Ampoule WiFi intelligente

Guide d'installation

1 TÉLÉCHARGER ET INSTALLER L'APP FEIT ELECTRIC

- Recherchez l'application Feit Electric dans l'App Store ou Google Play Store.

- Téléchargez et installez l'application Feit Electric sur votre appareil intelligent.

Feit Electric app

- Créez un compte ou connectez-vous à votre compte existant

2 INSTALLEZ VOTRE AMPOULE

- Installez vos ampoules dans une douille

REMARQUE: une alimentation constante de la ou des ampoules est requise à tout moment

Ampoule WiFi intelligente

3 AJOUT DE VOTRE AMPOULE SMART WI-FI À L'AIDE DU APPLICATION FEIT ELECTRIC

- Appuyez sur **+** dans le coin supérieur droit. Remarque: s'il s'agit du premier appareil que vous configurez, vous pouvez également sélectionner Ajouter un appareil (A).
- Appuyez sur **Éclairage** et sélectionnez **Appareil d'éclairage** (B).
- Allumez la (les) ampoule (s) et vérifiez que la ou les ampoules clignotent. Appuyez ensuite sur **Confirmer** (C).
- Vous serez invité à confirmer votre réseau WiFi et à saisir le mot de passe. Appuyez ensuite sur **Confirmer** (D).

Assurez-vous de vous connecter à un réseau WiFi 2,4 GHz qui couvre votre emplacement d'installation.

REMARQUE: Si la ou les ampoules ne clignotent pas, allumez les ampoules ON-OFF-ON-OFF-ON.

4 MENU ÉTAT

- Le menu d'état apparaîtra. Attendez qu'il soit terminé.

REMARQUE: en cas d'échec, l'écran «Échec de l'ajout» s'affiche. Fermez l'application et répétez les étapes précédentes. En cas de succès, passez à l'étape 5.

5 NOMMER LES APPAREILS

- Pour nommer la ou les ampoules, appuyez sur l'icône Stylo, entrez le nouveau nom et appuyez sur Terminé. La ou les ampoules sont maintenant prêtes à être contrôlées avec l'application Feit Electric.

FCC Caution:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
