Solder Board-Component View 4	 A photograph of a rectangular printed circuit board (PCB) populated with numerous small, yellow, square surface-mount components, likely LEDs. The components are arranged in a grid pattern. The board is placed on a blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing millimeter markings from 1 to 10, and one horizontal ruler at the bottom showing centimeter markings from 1 to 12. The board's dimensions are approximately 6 cm by 4 cm.
Solder Board-Component View 5	 A photograph of the same rectangular PCB as in View 4, but from the reverse side. It shows a silver-colored metal pad with four circular solder pads at the corners and a larger central circular pad. The board is placed on the same blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing millimeter markings from 1 to 10, and one horizontal ruler at the bottom showing centimeter markings from 1 to 12. The board's dimensions are approximately 6 cm by 4 cm.
