**FEATURES**

- Ready to Run!
- Radio Controlled: Speed, Direction, & Body Movement!
- Ages 8+
- 2 Frequencies to choose from!
- Rides on Pavement and Smooth Surfaces!
- Up to a 100 Feet Range!
- Pistol Shaped Controller.
- Rechargeable Battery & Charger included!
- 9V Battery for Charger Included.

**3**

**CHECKLIST**

**IMPORTANT: THE INCLUDED 9.6V NI-CD BATTERY PACK IS NOT CHARGED PRIOR TO SHIPMENT AND MUST BE CHARGED BEFORE USE.**

To prevent damage, the contents of the package that are listed below have been packed in the tray and may be out of plain sight. Please remove all contents from the tray.

Skateboarder

9V Battery

Controller

Transformer

9.6 V Ni-Cd rechargeable battery pack 600MAH

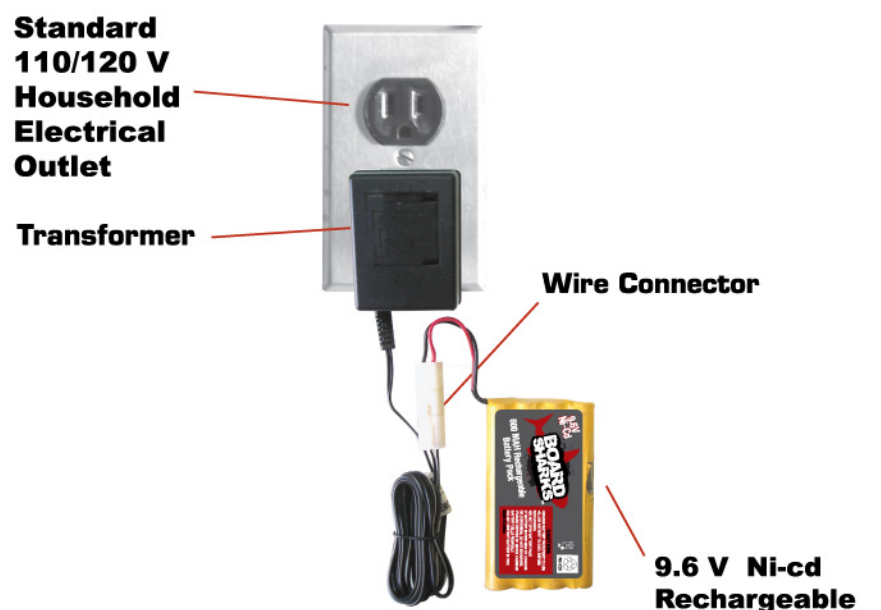

Metal Antenna Tube x1

**4**

**CHARGING THE BATTERY PACK**

**IMPORTANT: THE INCLUDED 9.6V NI-CD BATTERY PACK IS NOT CHARGED PRIOR TO SHIPMENT AND MUST BE CHARGED BEFORE USE.**

Standard 110/120 V Household Electrical Outlet

Transformer

Wire Connector

9.6 V Ni-cd Rechargeable Battery Pack 600mah

1. First, plug the tranformer into a standard household electrical outlet.
2. Plug the battery wire connector and transformer together.
3. Charge the battery pack for 5 hours. When the battery pack feels warm it is fully charged.

**NOTE: LEAVING THE BATTERY PACK IN THE CHARGER WILL NOT INCREASE THE LIFE OF YOUR BATTERY.**

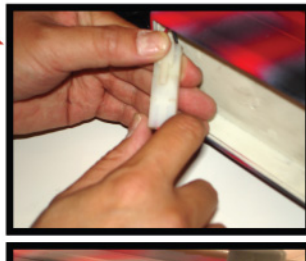

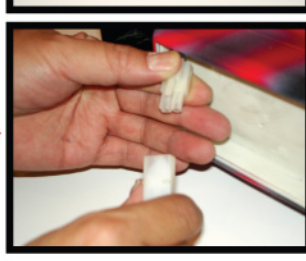

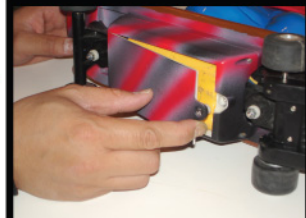

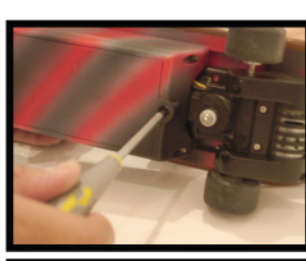

4. After charging the battery pack, aswell as during its use, it will become warm. **IMPORTANT: Please allow the Battery Pack to cool prior to recharging. Charging before doing so will greatly reduce the life of the Battery.**

**5**

**INSTALLING THE BATTERY PACK**

**Battery Installation Procedure:**

1. Unscrew the battery cover using a Phillips head screwdriver.
2. Lift the battery cover off the battery compartment unit.
3. Plug in the 9.6V Ni-Cd Rechargeable battery pack into the white connector.
4. Once the battery pack is secure, place the cover back on the battery compartment unit and screw the battery cover completely back on.

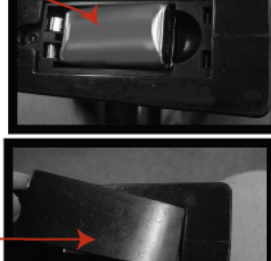

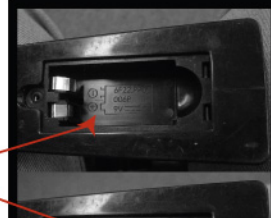

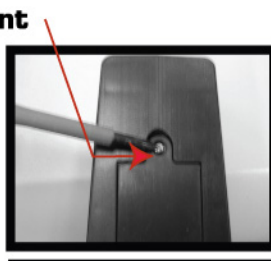

**6**

**CONTROLLER BATTERY INSTALLATION**

**Battery Compartment**

1. Unscrew battery cover using a Phillips head screwdriver.
2. Lift Battery cover off.
3. Plug th 9V battery into battery box.
4. Screw battery cover completely back on.

**CONTROLLER ANTENNA INSTALLATION**

Screw the antenna into the controller.

FCC NOTE:

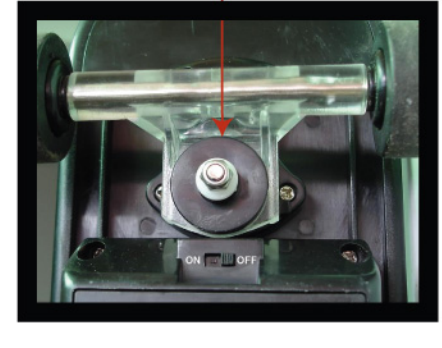

THE ANTENNA PROVIDED IS A UNIQUE ANTENNA. BY INSTALLATION OF UNAUTHORIZED ANTENNA TO THIS EQUIPMENT. SUCH UNAUTHORIZED INSTALLATION COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

**7**

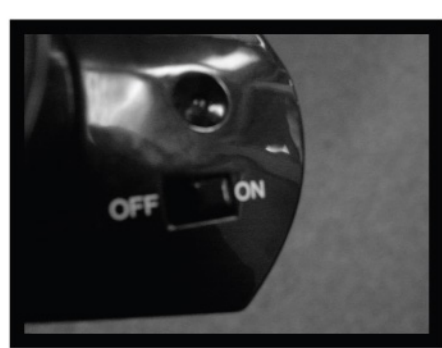

**POWER ON/OFF**

**Power On/Off**

**SKATER**

Turn the Skateboarder on by flicking the swith on the bottom of the Skate Board into the "ON" position.

**REMOTE**

Turn on the switch. The red LED should light up if the battery is properly connected.

**8**

**OPERATING SKATEBOARDER**

Steering Wheel

Forward

Backward

LED will light when controller is ON.

On/Off

**PROPER USE, PRECAUTIONS, & CARE**

**FCC CAUTION:**

The manufacturer is not responsible for the radio interference caused by unauthorized frequency modification to this equipment. Such modifications could void the user's authority to operate the equipment.

1. Works Best away from high voltage power lines, large buildings, and walls.
2. Hold the Controller antenna up for the best performance.
3. When the product doesn't respond, slows down, or loses range, replace the batteries.
4. Some owners choose to obtain one or more 9.6V Ni-Cd batteries to \ extend usage.

**9**

**TO CLEAN SKATEBOARDER'S SHIRT**

1. Remove T-shirt entirely by pulling the velcro on the back of the skateboarder's t-shirt. (See figures A, B, and C).
2. Hand wash T-shirt in COLD water with mild soap to remove any dirt or stains.
3. DO NOT put the T-shirt back onto the Skateboarder until it is completely dry.

A.

B.

C.

**10**

**CAUTIONS & WARNINGS**

**CAUTION:**

**DO NOT** operate the Skateboarder where there is debris as it may cause damage to the toy.

**AVOID** hard crashes.

**NEVER** give the Skateboarder or it's controller to any child under the age of 3 years old, as the toy contains small parts.

**DO NOT** allow the antenna to get wet, as this will effect the distance of the control.

**NEVER** use chemicals like benzene, alcohol, or thinner to clean the Skateboarder.

**WHEN** not in use, remove the batteries from the controller and skateboarder.

**Under NO** circumstance should the 9.6V Ni-Cd Battery or the provided 9V battery be disposed of in a fire. This may cause leakage, injury, and/or explosion. Please dispose of Ni-Cd battery cells properly.

**DO NOT** stall the motor during use.

**NEVER** put the charger and the 9.6V Rechargeable battery near flammable material while charging, this may cause a fire.

The batteries get hot after use, please do not handle them immediately after use. Please wait a little while before handling them.

**DO NOT** recharge the battery pack if it's warm to the touch. Allow the battery pack to cool before recharging. Recharging a warm battery pack will shorten the life of the pack.

Recharging batteries should be done by an adult only.

**DO NOT** charge a damaged, leaking, hot, or wet battery pack.

**DO NOT** break or disassemble battery pack.

**DO NOT** use the battery pack or charger for any other reason other than charging and running the Board Sharks™ Skateboarder.

**When not in use, the transformer should be unplugged from the electrical outlet.**

**WARNING:**

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation of the device.

| <p><b>PLEASE NOTE:</b></p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures</p> <ul style="list-style-type: none"><li>- Reorient or relocate the receiving antenna</li><li>- Increase the separation between the equipment and receiver</li><li>- Connect the equipment into an outlet on a circuit different from that to which the receiver is needed.</li><li>- Consult the dealer or an experienced radio/TV technician for help</li></ul> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |         |           |          |                                                      |                                                             |                                                         |       |                                                  |                                                             |                                                        |       |                                  |                                                                                                                                                                                                                                                                                      |
