

**Description of EUT Operation:**

Sample Description: VW Bus and Herbie – 27MHz  
RF REMOTE CONTROLLER (27.145MHZ)

FCC ID (if applicable): **SZ23415T27**

The Equipment Under Test (EUT) is a battery-operated hand-held / portable RF transmitter for remote controlling the movements of an electric toy vehicle, with retractable integrated antenna. The carrier frequency is fixed at 27.145 MHz. The command signals are amplitude-modulated. It has an on/off power switch on the rear panel. There are two shifter switches on the front control panel. The left-hand one controls the toy vehicle moving forward and backward, and the right-hand one controls steering left or right in direction.
