

Title : FM Wireless Transmitter with 3 channels

Item No. : HN-1302

Function: Be able to transfer sound sources, e.g. CD, MD, and MP3, to FM receiver of the motor vehicle through the transmitter.

Instruction :

- 1、 Insert the Transmitter into the Cigar Lighter of the motor vehicle and then the LED will be lighted up.
- 2、 Pull out the adjustable plug to fit into the voice output of MP3 (CD, MD and IPOD).
- 3、 Choose one of the frequency from channel 88.1, 88.5, and 88.9 of the transmitter, and tune the FM receiver to the same frequency, then you'll enjoy the music from the MP3 (CD, MD, and IPOD).

Product Argument:

- 1 Power Voltage : DC 9 - 12V
- 2 Frequency Channel : 88.1、 88.5、 88.9 MHZ
- 3 Transmit Power : 8mW
- 4 Stereo Crosstalk : -60dB
- 5 Signal to Noise Ratio : 72dB
- 6 Frequency Drift : 0.1MHZ
- 7 Working Current : 25mA±2mA

Notice : The changes or modifications not expressly approved by the party responsible for compliance could void the user' s authority to operate the equipment.

IMPORTANT NOTE: To comply with the FCC RF exposure compliance equipments, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user' s authority to operate the device.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
