2. Press the ⏻ button for 3 second. An alert tone wills "Di" twice and the Red LED will flash twice and then go off.

Pairing the Bluetooth Speaker with a Mobile Phone

Make sure your mobile phone is Bluetooth-enabled. Specific pairing steps may vary with different cell phones. Refer to the User Guide for your mobile phone for further information.

The general pairing steps are as follows:

1. Keep the Bluetooth Speaker close to your mobile phone.
2. Press and hold the ⊙ button about 8 seconds during power off mode, the alert tone will "Du" and the Red and Blue LED will fast blink alternately. The Bluetooth Speaker is under pairing mode at the moment.
3. Search the Bluetooth Device under the pairing mode in the mobile phone.
4. Once the search is completed, the "Bluetooth Speaker" will show in the Bluetooth device list.
5. Selected the "Bluetooth Speaker" to connect and entering the matching code with "**0000**".
6. The pairing will completed at the moment and the Blue LED of the Bluetooth Speaker will blink in sequence.

Notes: If pairing is not successful, switch Off the Bluetooth Speaker and then redo the pairing procedure again.
If pairing is successful, the paired devices will remember each other. Unless the pairing information is deleted because of a new pairing, there is no need to go through the pairing procedure again when using the same devices the next time.
