

FCC ID: T8820001

Technical Description :

The brief circuit description is listed as follows :

- IC1 SN8P2711 acts as Encoder and MCU.
- D4 and associated circuit act as FM Modulator.
- TAL, Q1 and associated circuit act as 27.145 MHz or 27.195 MHz Oscillator.
- Q2, T1 and associated circuit act as RF Amplifier 1.
- Q3 and associated circuit act as RF Amplifier 2.

Antenna Used :

An integral antenna (extendable) has been used.
