Re: Wionics Certification Application
FCC ID: T8YRWPC06

To Whom It May Concern:

Wionics Research considers the following materials in its application for certification to be confidential:

- Schematics
- Bill of Materials
- Internal Photos of the unit submitted for tests

These technical items we consider to be proprietary and as such any disclosure would be detrimental to our business and our position in the market place.

Sincerely,

Marc Hill
Module Development Manager
