

Age: 8+

Instruction Manual

This manual is suitable for.: 9120

Main parameter

Description:	Remote Control Car
Scale	1:14
Material:	ABS、PVC、Hardware、Electronic component
Function:	Forward/Backward/Turn-left/Turn-right/rock climbing/root climbing/ step climbing
Age:	8+
Battery for car :	6*AA
Battery for controller :	2*AA
Speed:	10km/h
Size of car:	31CMX22CMX20.5CM
Packing size	40.5CMX24CMX22CM

Battery loading

1.Battery loading inside the car : Open the battery cover, and then load 6XAA batteries into the battery case accordingly by following the sign of "+ " - ",and then close the battery cover and make sure safe and sealed. (As diagram 1)

2.Battery loading inside the controller: Open the battery cover, and then load 2XAA batteries into the battery case accordingly by following the sign of "+ " - ",and then close the battery cover and make sure safe and sealed. (As diagram 2)

(Diagram 1)

(Diagram 2)

-4-

Operation

Please kindly confirm if the batteries are well loaded into the car and the controller before playing.

Step for switching on

1.Push the ON/OFF of the controller to "ON" position, the power indicator of the controller will be "ON" and the controller will enter into the normal "ON"state. (As diagram 3)

2.Push the ON/OFF of the car to "ON" position, the car will enter into normal "ON" state.(As diagram 4)

(Diagram 3)

(Diagram 4)

-5-

Forward & Backward:

1.Pull the trigger of the controller and the car will run forward. (As diagram 5)

2.Push the trigger of the controller and the car will run backward. (As diagram 6)

(Diagram 5)

(Diagram 6)

Turn-right & Turn-left:

1.Rotate the steering wheel of the controller to the right, the car will be steering to the right.(As diagram 7)

2.Rotate the steering wheel of the controller to the left, the car will be steering to the left.(As diagram 8)

(Diagram 7)

(Diagram 8)

-6-

Running operation:

1.While rotating the steering wheel of the controller to the right or to the left, pull the trigger backward, the car will be steering to the right or to the left and run forward. (As diagram 9)

2.While rotating the steering wheel of the controller to the right or to the left, push the trigger forward, the car will be steering to the right or to the left and run backward. (As diagram 10)

11.Please DO NOT litter around the car or collide it with other objects.

When placing the car, please do keep it far away from the fire source or high-temperature area.

Precaution on the battery

1. Please remove or load the batteries in a correct way.

2.Please DO NOT mix the batteries of different types.Old batteries ARE NOT TO be mixed with the old ones.

3.Non-chargeable battery IS NOT TO be recharged.

4. Rechargeable battery can only be charged under the guidance of the adult.

5.Please remove the battery from the car before charging.

6.Please make sure load the batteries as per the correct "+ " -"polarity.

7.Exhausted batteries are to be removed from the controller or car.

-9-

8. Positive end and Negative end of the battery are NOT to be short-circuited.

9.Batteries are to be placed far away from the fire source or place with high-temperature.

10. Please unload the batteries when do not use the controller or the car for a long time.

Attention

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-10-

□Reorient or relocate the receiving antenna.

□Increase the separation between the equipment and receiver.

□Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

□Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING:

CHOKING HAZARD-Small parts.
Not for children under 3 years.

تحذير: خطر الاختناق أجزاء صغيرة أو حادثة
